2. Since the dismantling of the Solvay works at Bernburg/Saale, only the Stassfurter Sodafabrik and Sodawerk Buchenau (Th.) are producing common soda. Their production per day consists of:

Stassfurter Sodafabrik	80 - 100 tons (350 workers)
Sodawerk Buchenau	50 - 60 tons (150 workers)

This means that the needs of the Soviet Zone, which are at least 8,000 - 10,000 tons per month at present, cannot be covered.
